Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

I. Personal Versus School-Affiliated Social Media Use A.

Personal Social Media Use

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.
2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.
3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.
4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

B. School-Affiliated Social Media Use

1. Any social media account which purports to be "the official" account of the school district (e.g., "BlueJay Basketball"), or any of its programs, classes or entities

will be considered to be an account that is used exclusively for the school district's business purpose. Staff members may not use "official" accounts for personal use.

2. Staff are required to provide their supervising administrator with the username and password to school-affiliated social media accounts.
3. Staff may be required to interact with specified individuals on school-affiliated social media accounts.
4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections. They are also not allowed to make any press releases or other official communications on behalf of the district without prior administrative approval. In other words, staff do not speak "for the district" directly or indirectly unless specifically authorized and directed to do so.

II. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage. They must comply with the board's policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing the use of resources of a political subdivision. Questions about appropriate content should be referred to the staff member's

supervising administrator.

B. Acceptable Use

1. Staff may use social media for school-related communication with fellow educators, parents, and patrons. Student communication must be consistent with the district's professional boundaries policies and expectations.
2. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter. This includes spotting AI-generated content, fakes, spoofs, and discerning the quality and reliability of content.

C. Unacceptable Use

1. Staff shall never access obscene or pornographic material while at school, on school-owned device or on school-affiliated social media accounts.
2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.
3. Staff shall not access social media networking sites such as Facebook, X, Instagram, Snapchat, and TikTok on school-owned devices or during school time unless permitted by district policy or preapproved by the staff member's immediate supervisor. This prohibition extends to using chat rooms, message boards, or instant messaging in social media applications and includes posting on social networking sites using personal electronic devices.

III. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school affiliated web pages, blogs, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to "off" without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages or tags or links to official school accounts on another account may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, lascivious, true threat, or appeals to prurient interests;
2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;
3. Contains fighting words or content that is threatening, harassing, or discriminatory;
4. Advocates, promotes, or encourages the use of drugs, alcohol, or other prohibited substances;
5. Incites or is reasonably anticipated to incite violence,

illegal activity, or a material and substantial
disruption
to school operations or activities; or

6. Contains any other threat to the safety of students and staff.

The district may restrict access to its official accounts for violations of these rules, such as deleting comments or prohibiting comments. Accounts that are not official school accounts are those owned and operated by board members and employees for their personal use, even if they discuss school matters.

Every official school account administrator must keep a copy of any removed content or banned/blocked individual account and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.
