

6006
Commencement Ceremony

The district shall conduct a commencement ceremony for members of the senior class at the end of the school year. Participation in the ceremony is a privilege, not a right, and the superintendent or his/her designee may prohibit students who have violated conduct rules from participating in the ceremony as a consequence for the misconduct.

A student who lacks 10 or fewer credits to satisfy graduation requirements may participate in commencement ceremonies but will not be awarded a diploma until all graduation requirements have been met.
