

6015 Summer School

The school district may conduct a summer school program to provide additional educational opportunities for students who need remedial instruction and/or to enrich students' educational experiences. Students who successfully complete classes offered through the district's summer school program will earn credit toward high school graduation. The school district's credit recovery coursework can be accomplished through the online program, Odessey. Students will be allowed to substitute a summer-school grade for a failing grade earned during the regular school year. Students who take summer school courses to replace a passing grade may not use the summer school course to advance their class rank.
